

News & Services Syndicate

NSS is the News agency of its kind in providing all such media services under one roof at a nominal service charge... NSS was established in Hyderabad in 1980 by an enthusiastic journalist Mr. K. Laxma Reddy, to cater to the media coverage needs of research and academic institutions, government and private organizations, associations and unions. Now, with some senior journalists joining, NSS has become more professional. NSS uses hi-tech facilities such as Fax, e-mail, Internet, LCD Projector, Xerox and so on to provide effective media services.
